

WE KNOW WHERE WE STARTED

TECT

It was twenty-six years ago that the sale of a power company sparked the formation of TECT.

WE KNOW WHAT WE ARE WORKING FOR

OUR PURPOSE

To make a significant impact on shaping the quality of life and wellbeing of current and future generations in the Western Bay of Plenty. We are part of the fabric of this region and ambitious for the future of our community.

WE KNOW HOW WE WILL DO THIS

OUR MISSION

Responsibly manage our investments and effectively distribute funds for the long-term benefit of the community we serve.

WE KNOW THE FUTURE WE WANT

OUR VISION

A thriving, caring and connected community here in the Western Bay of Plenty.

Grants Programme

TECT restructure = community-focussed Trust which will deliver our Grants Programme. Through our Grants Programme we aim to support people, places and projects making a difference in our community.

Split into 2 approaches – Proactive and Reactive Funding. The Reactive Funds are the ones you would apply to.

We can only fund public benefit entities (registered NFP's) based in the TECT district (Tauranga City Council & WBOP District Council boundaries).

Each organisation can only apply once in any 12 month period regardless of which fund you apply to. Approved grants have a lifespan of 1 year, and will lapse if not claimed within a year.

While we have policy limits that guide how much funding we can grant, the best guide for applicants is to look on our website at the grants we have made over the past two years, and compare yours with other similar organisations, activities, projects or events.

If you have never applied to TECT for funding or have had TECT funding in the past and want to look at funding for other initiatives, please touch base and we are happy to talk through the options with you.

YE 2023 Allocations
