Community Matching Fund

What is the Community Matching Fund?

The Community Matching Fund is available to Western Bay community groups and organisations.

There is \$160,000 (\$100,000 general fund and \$60,000 environmental fund) available for community and environmental projects that make a positive difference in the District.

Grants are "matched" on a 50/50 basis with grants between \$1,000 to \$10,000 being the most common.

The community group contribution can be made up of any combination of volunteer labour, donated professional services, funds raised through other means and/or donations of materials.

OPENS – September 2024

Community Board Grants

What is the Community Board Grants Fund?

Community Boards consider applications for grants on an ad hoc basis throughout the year. Funds can range between **\$5,000 – \$10,000** (ward dependant).

Five Community Boards in the Western Bay of Plenty District

- Katikati Community Board
- Maketu Community Board
- Ōmokoroa Community Board
- Te Puke Community Board
- Waihi Beach Community Board

Applications must demonstrate that the activities/projects will result in a public benefit, primarily to residents of the relevant Community Board area.

If It provides...

**Safer environments
for the community**

**Makes a positive
difference in the
District**

**Delivers positive
social and economic
outcomes and
enriches our
communities**

**Funding Tip
Its all in the
application ...ask for
help!**

Thank You

All funding and Grant application forms are available on our website.
